

## Monthly Safety Meeting

Disaster can strike when you (yes you) least expect it. There are a lot of factors that separate the quick from the dead and a good one is to study how the pros handle emergencies. H.-P. Schuele (District FAASTeam Representative of the Year (2015), Retired German Air Force Pilot and currently a CFII and USAF Flight Simulator Instructor) has prepared an evaluation/recap of a very recent emergency and the procedures and thought process involved in minimizing damage and avoiding injury. Wings credit will be assigned to attendees.

**Directions:** Drive to 1801 9th St, Wichita Falls.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
